

Parents: Help your child choose two activities to complete on a Blizzard Bag snow day. Students must choose a paper pencil activity (Activities 1-3) and an online activity (Activities 4-6). If a second and third day occur, complete a different set of two activities each day. Then, print this activity board and sign and return it with any other required assignments when we return to school. If you are unable to print this board, please just write a note with your signature and the activity numbers completed. All assignments must be returned within two weeks. Have fun and stay warm!
